

Community garden volunteering —  
Pourewa, AUT Living Labs Programme

## People and purpose at work

We're proud to invest 100% of our profits for good, and as part of this commitment, each year every employee gets to choose a charity they care most about, to receive a \$1000 donation from TMNZ and Whakatupu Aotearoa Foundation.

Since 2021, we've **donated to 100+ charities** across New Zealand.

Our people have also provided **over 400 hours** of volunteering work to charities in need.

100%

of our profit is reinvested in  
Whakatupu Aotearoa Foundation

As a purpose-driven business, we're proud to invest 100% of our profits in Whakatupu Aotearoa Foundation for the environment and our communities. Visit our website to see our impact case studies and videos, showing how we've helped to make a difference for Aotearoa.

Together, we're making a difference

TMNZ's owners and long-time philanthropists, Ian and Wendy Kuperus, made a bold decision in 2020. They committed 100% of TMNZ's profits, to Whakatupu Aotearoa Foundation, which they established to help solve New Zealand's biggest social and environmental challenges. TMNZ and Whakatupu Aotearoa Foundation share the vision of **a restored and thriving Aotearoa**.

## Creating a sustained impact

Whakatupu Aotearoa Foundation helps to catalyse significant change, for future generations of New Zealanders. The Foundation invests in innovative ideas and passionate people who are committed to tackling the root causes of issues.

Backed by TMNZ, the Foundation has provided **over \$12M** for critical funding and support, to **more than 50 charities** working across the following impact areas:

### Healthy oceans

### A sustainable future

### Community wellbeing
